

weather lore guide to pdf

Weather lore is the body of informal folklore related to the prediction of the weather. It has been a human desire for millennia to make accurate weather predictions.

Weather lore - Wikipedia

Weather forecasting is the application of science and technology to predict the conditions of the atmosphere for a given location and time. People have attempted to predict the weather informally for millennia and formally since the 19th century.

Weather forecasting - Wikipedia

Ready for do-it-yourself weather predicting? Long before meteorologists had sophisticated technology to help them predict the weather, people made forecasts based on their observations of the sky, animals, and nature.
